

Richard Derrick McAdams

SOFTWARE ENGINEER

PROFILE

Full stack Software Engineer with a strong focus on building scalable, high-performance web applications that deliver real-world impact.

EMPLOYMENT HISTORY

Software Engineer(frontend), Amalitech Ghana

OCTOBER 2023 - PRESENT

AMALI AI:

- Designed and implemented a modular and scalable UI using Angular 16+ with Standalone Components, integrated with RxJS for reactive state management.
- Integrated OpenAI APIs and custom AI endpoints to power dynamic chat and content generation features using HTTPClient with interceptors and resolvers.
- Built and maintained a real-time chat interface using WebSockets and SignalR, ensuring low-latency user-AI interactions.
- Wrote unit and E2E tests with Jest , achieving over 90% test coverage and ensuring stability during CI/CD deployments.

ACCELERATOR MOLDING CONFIGURATOR:

- Designed and developed a full stack web platform that enables users to upload, visualize, and configure 3D models within a defined build space using Three.js.
- Implemented a dynamic 3D viewer with model rotation, zooming, positioning, and dimension-based constraints, allowing real-time model interaction in a browser environment.
- Built a model configuration form with Angular Reactive Forms, allowing users to define principles, dimensions, colors, and metadata before submission.
- Developed conditional form logic to handle model-specific attributes and validations, ensuring only valid configurations could be submitted.

EDUCATION

Bachelor of Technology Information Technology (Software Engineering) Takoradi Technical University

OCTOBER 2023 - DECEMBER 2024

Final Year Project:

- Designed and implemented a Student Incident and Complaint Management System that allows students to raise issues and automatically assigns them to the appropriate department or personnel for resolution.

Higher National Diploma Information Technology Takoradi Technical University

OCTOBER 2020 - DECEMBER 2023

Final Year Project:

- Designed and developed a C2C (Consumer-to-Consumer) e-commerce marketplace platform enabling students to buy, sell, and search for items, as well as offer and request services

CERTIFICATIONS

AWS Cloud Practitioner

NOVEMBER 2024

AWS re/Start Graduate
